SPECIAL EVENTS

IN THE CATTLE SHED AT THE MAYDALE RESERVE

Situated in the heart of Horsham overlooking the Wimmera River you'll find the Maydale Reserve, located within 19 hectares of the Horsham Showgrounds. This large portion of land is divided into Crown land and the part that matters most, is privately owned by the Horsham Agricultural Society where all the historical buildings are located.

As an events centre, the Maydale Reserve has the capacity to host weddings, expos, the annual agricultural show, conferences and festivals right in the centre of town, with a direct view to the Wimmera River. Sometimes there's more than one event on at a time! But we work it out for everyone to retain their privacy as best as possible, when dates are important to both!

THE CATTLE SHED

Perfectly suited for rusting weddings and special occasions, The Cattle Shed is the original cattle pavilion which was used at the Horsham Show for about 100 years.

Its solid structure and crudely painted white posts and tin walls, with original raw timber trusses are what makes The Cattle Shed so appealing with its shabby style. A dirt floor, wooden trestles, white chairs and chandeliers makes for an interesting mix of eclectic decor.

With a flat floor space of approximately 270sq2 (30m x 9m) and a large dance floor, for cocktail style functions, a mix of seating and standing can cater for up to 180 guests.

Talk to us about installing temporary timber walls, if The Cattle Shed is too large for your intimate gathering.

We do not undertake any decorating, set up or clean up but we do provide chairs, tables (timber trestles or white melamine tables), pallet style cocktail tables, umbrellas (for outside use) and pallet style coffee tables. Table cloths are supplied but we request they be returned, laundered.

For special occasion hire, The Cattle Shed is yours for three days from the Friday morning prior to your event to the Sunday after.

Included in the supply is one large (fridge size) esky in The Cattle Shed. We have plastic stemless wine glasses or you can provide your own drinking glasses. Gas heaters are available in the cooler months, but the hirer is required to fill with gas at own cost. One commercial air cooler and two commercial mist fans are available in the summer.

We can recommend a variety of suppliers, so please ask when you're thinking about catering and live music. In fact, we like to chat to the caterers before the event.

Depending on your caterer, you may need to hire the Maydale Pavilion Kitchenette for heating up and plating up food. This is an additional cost (see fee structure).

The kitchenette includes a small domestic fridge, domestic oven and hotplates, microwave and commercial dishwasher. Included in the hire fee are unmatched coffee mugs and tea cups, an urn and disposable glasses.

Tea towels are available but must be returned laundered by the hirer.

Garbage bins are provided and as part of the pack up, need to be lined up outside The Cattle Shed for council collection. The venue must be left the way it is found. Toilet facilities and supplies are included in the hire price.

In keeping with the EPA guidelines, all noise must cease by 11pm Friday and Saturday nights. Other nights, 10pm.

FEE STRUCTURE

The Cattle Shed

for three days from the Friday morning prior to the Sunday immediately after.

\$330 inc GST

Shed alterations ie additional walls
\$165 inc GST

Maydale Kitchenette

\$220 inc GST
